EXHIBITIONS & EVENTS OF LIFE SCIENCES PLATFORM

FAIR | SYMPOSIUM | PANEL | SEMINAR | WORKSHOP | NETWORK

14-16 OCTOBER 2026

ISTANBUL LUTFI KIRDAR
EXHIBITIONS & CONGRESS CENTER

As an ecosystem... **bioexpo**

■ Ecosystem

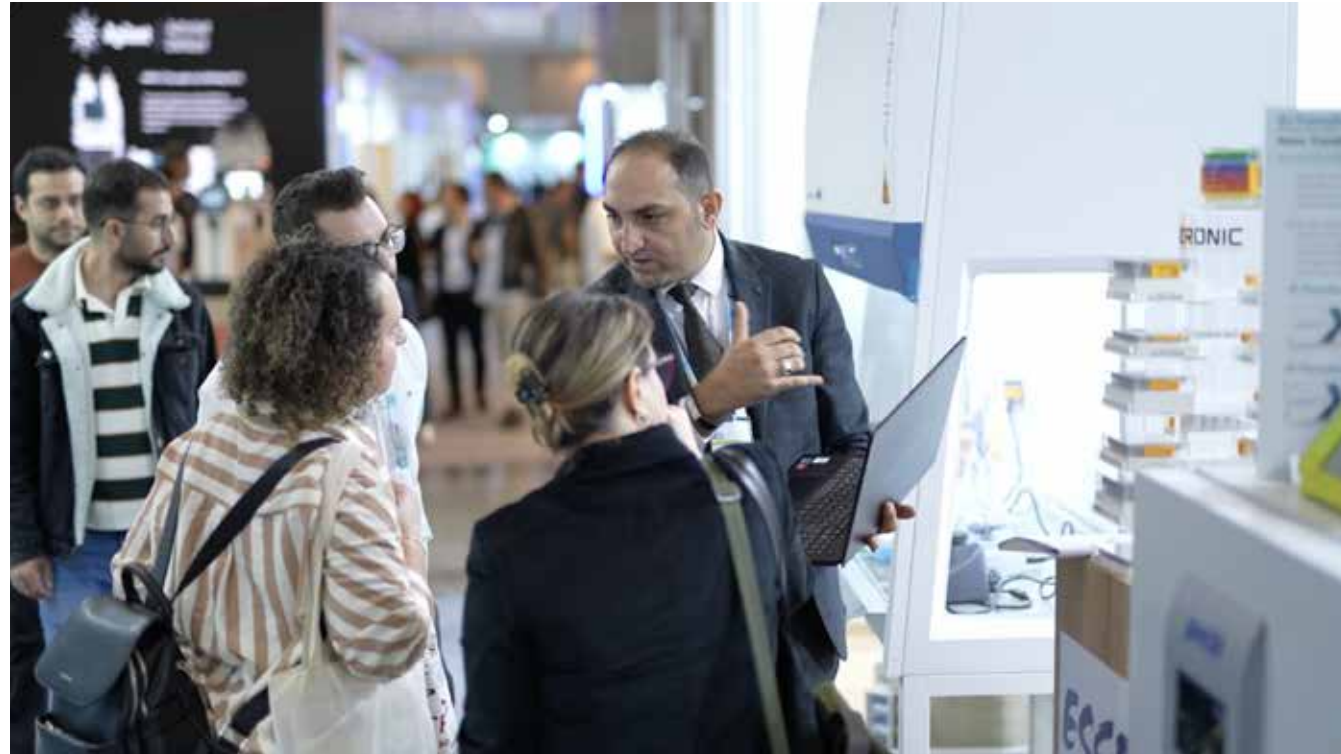

BIOEXPO, encompassing all scientific disciplines, sectors, and industries in the field of Life Sciences, presents new products and technologies, industrial knowledge sharing, and academic and scientific expertise in these areas as a series of simultaneous events with an interactive approach. With this integrated system, it creates a science, technology, and industry-based 'ecosystem' in the field of life sciences.

■ Platform

At BIOEXPO, companies developing products and technologies, scientific and academic institutions, and public regulatory bodies that shape sectors and technology participate together. Experts and professionals from all levels of the relevant sectors and industries find opportunities for knowledge sharing and business development at the events on this platform.

■ Network

With its scope of fairs, exhibitions, workshops, training programs, symposiums, conferences and seminars, panels, and industrial product and technology presentations, BIOEXPO is a true 'networking' environment for all disciplines.

■ Sectors

At BIOEXPO, visitors will be able to see different categorical presentations and exhibitions featuring products and technologies in the Life Sciences industries.: _____

- ▶ Biotechnology
- ▶ Laboratory Technologies
- ▶ Cleanroom Technologies
- ▶ Pharmaceutical Technologies

Industry and technology fairs at

- PHARMACEUTICAL & MEDICAL BIOTECHNOLOGY,
- FOOD BIOTECHNOLOGY,
- AGRICULTURE & LIVESTOCK BIOTECHNOLOGY,
- ENVIRONMENTAL BIOTECHNOLOGY,
- INDUSTRIAL BIOTECHNOLOGY

Biotechnica 2026, open to all organizations developing and delivering projects, products, and services in key application areas of biotechnology, is a true business development and knowledge platform.

**BIOTECHNOLOGY, LIFE SCIENCES
AND INDUSTRIES FAIR**

**PHARMACEUTICAL INDUSTRY
AND TECHNOLOGIES FAIR**

From active ingredients and components to finished products and formulations, from industrial equipment and technology to production processes and services in the pharmaceutical industry... All experts producing technology, equipment, and services for applications within the pharmaceutical industry are coming together at PharmaNext 2026, the innovative specialized trade fair for the pharmaceutical industry in Turkey.

Analytech encompasses all the expertise, techniques, and product technology of analytical systems and the LAB industry, tailored to different sectors. Organizations offering products and services in all specialized fields, from scientific research and laboratory environments to measurement, imaging, and analysis technologies, and industrial processes, will meet with experts and users in these specific areas at the Analytech halls. The fair will present participating products and services to visitors under three main headings.

**ANALYSIS AND
LABORATORY
TECHNOLOGIES FAIR**

**CLEANROOM TECHNOLOGIES
EXHIBITION**

Cleanroom 2026, the only expert platform in Turkey that brings together the demands of facility managers and cleanroom professionals with the product and service technologies of the cleanroom industry in the entire process from project planning to investment; from production to control and management, offers solutions to cleanroom needs in all sectors from pharmaceuticals to food, from defense industry to electronics industry, from healthcare sector to universities.

For detailed topics of the fairs:
www.bioexpo.com.tr

Events at BIOEXPO

Within the scope of BIOEXPO Fairs, many events are held on topics such as "Biotechnology", "Green Technologies", "Health Industry", "Strategies in the Pharmaceutical, Cosmetic and Food Industries", etc.;

These programs are supported by public institutions that regulate the pharmaceutical and health sectors, have scientific collaborations with various universities, and receive sponsorship from sector organizations in various categories.

■ EVENT CATEGORIES AT BIOEXPO

- ◆ SYMPOSIUMS
- ◆ SEMINARS
- ◆ CONFERENCES
- ◆ PANELS
- ◆ COMPETITIONS
- ◆ WORKSHOPS
- ◆ CERTIFIED TRAINING COURSES

■ BIOEXPO PHARMACEUTICAL SYMPOSIUM

BIOEXPO 2026 Pharmaceutical Symposium is not just a typical industry meeting; it is rapidly becoming a new global center, adopted as an alternative meeting point by structures that determine the global roadmap of the **pharmaceutical ecosystem**.

This year, leading global authorities such as the **FDA** and **EMA**, along with the WHO and the regional regulatory body **TİTCK**, are meeting for the **first time in Istanbul at the Bioexpo Pharmaceutical Symposium**.

This symposium, which provides direct contact with decision-makers in drug development, licensing, biotechnology, market access, and regulation processes, further strengthens Istanbul's unique geostrategic position at the intersection of the Africa-Europe-Asia triangle in scientific, industrial, and technological terms.

Istanbul is no longer just a geographical crossroads; it is rising as a new global center where R&D, biotechnological innovation, and next-generation production technologies intersect, providing the necessary scientific and industrial climate for the emergence of high-standard production facilities.

Bioexpo Pharmaceutical Symposium offers its sponsors the opportunity to play an active role in this new global hub and make an impact on an international scale.

● To take advantage of the sponsorship categories for the Bioexpo Pharmaceutical Symposium, please contact us: ► info@bioexpo.com.tr

Visitors at BIOEXPO

■ Sectors, Industries

- Laboratories
- Cleanrooms
- Medical technology and industry
- Healthcare facilities
- Clinical diagnostics
- Healthcare industry
- Agricultural industry
- Food industry
- Chemical industry
- Environmental technologies and industry
- Petrochemical industry
- Mining industry
- Cement industry
- Forensic medicine departments
- Cosmetic industry
- Automotive industry
- Textile industry
- Energy & Electrical & Electronic industries
- Building/construction industries
- Aviation industry
- R&D facilities

■ Administrative and Public Institutions

- Universities
- Ministries and affiliated institutions
- Public health laboratories
- TÜBİTAK MAM
- Higher Institutes of Technology

■ Experts, Professionals

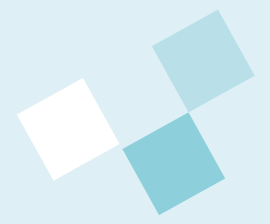

- Industrial analysis experts
- Biotechnologists
- Laboratory professionals
- Quality control and laboratory professionals
- R&D departments and managers
- Production process managers
- Biomedical engineers and specialists
- Chemical industry and biochemistry experts
- Microbiology and molecular biology experts
- Laboratories
- Medical professionals
- Pharmacologists
- Academics

14-16 OCTOBER 2026

ISTANBUL LUTFI KIRDAR EXHIBITION & CONGRESS CENTER

Participating in **bioexpo** with a booth

EXHIBITION SPACE (MINIMUM 15 M²)

This is a bare floor area where you can build your own unique stand structure and decoration. Participants who will implement their own stand construction in this empty space will have their application projects approved by the fair management beforehand and then proceed with the construction and installation of their stands.

Empty exhibition space participation fee: 270 Eu/m²+VAT

Participants can choose among Model-1, Model-2 and Model-3 stand types and request installation for an additional fee.

EXHIBITION AREA + INSTALLATION MODULAR STAND MODELS:

EXHIBITION SPACE + MODEL-1 *

The room includes 1 table, 4 chairs, 1 information desk, 1 lockable cabinet, 1 enclosed room (1x1), carpeted floor, 1 power

strip, 1 waste bin, electricity, and lighting. *(Stands larger than 20 m² have 2 tables + 8 chairs; a closed room (2x1 seating) can be provided upon request)*

EXHIBITION SPACE + MODEL-2 *

1 table, 4 chairs, 1 information desk, 1 lockable cabinet, 1 enclosed room,

carpeted floor, 1 power strip, 1 waste bin, electricity and lighting are included. *(Stands larger than 20 m² have 2 tables + 8 chairs; a closed room (2x1 seating) can be provided upon request)*

EXHIBITION SPACE + MODEL-3 *

The room includes 1 glass table, 4 chairs, 1 bar-style information table, 4 bar stools, 1 lockable cabinet, 1 enclosed room, white laminate raised flooring, partial sheer ceiling application, 1 brochure holder, 1 multi-socket power strip, 1 waste bin, and electricity and lighting.

(Stands larger than 20 m² include 2 glass tables + 8 chairs; a closed room (2x1 configuration) can be provided upon request.)

* For your exhibition space + installation preferences, please request a quote for your chosen stand model and participation fee.
