CLEANROOM TECHNOLOGY
Cleanroom
EXHIBITION-ISTANBUL

Advanced technologies, new trends and
developements, solutions and know-how...

The manufacturers who supply advanced technology and special services for Life Sciences in different industrial fields will come together at the “one and only” Life Sciences Exhibitions of Turkey in Istanbul, on 25-27th October 2023. The key players of; biotechnology, pharmaceuticals, cleanrooms and laboratory industries will welcome the professionals from all concerned sectors of Turkey and the neighbouring countries covering a huge market. This new concept of “Life Sciences 2023 Exhibitions of Turkey” includes 4 industries and 3 special exhibitions in one hand... Analytech 2023, Cleanroom 2023 and Biotechnica 2023 Exhibitions will be organised at the same time, in the same venue in order to create “synergy” and “absolute concentration”. We invite the concerned industries to take place in Life Sciences 2023 Exhibitions of Turkey in order to establish new business contacts in this rapidly developing field and to take a place in the future-oriented market of Near Asia and entire Middle East as well as the Eastern Mediterranean area.

ANALYTECH 2023

EXPO
Analytech

Analysis and Laboratory Technologies Fair

Analysis and Laboratory Industry

Analytech 2023 Exhibition and all accompanying events of the show, naturally cover advanced technologies and all concerned professional fields for; quality control, process engineering, research and development activities in the all kind of laboratories of:

- Healthcare,
- Medicine,
- Chemical,
- Petrochemical,
- Food,
- Agricultural,
- Veterinary Medicine,
- Textile,
- Cosmetic,
- Energy,
- Environment,
- Mining,
- Automotive,
- Electric & Electronics,
- Aviation and
- Building Industries

The manufacturers and suppliers of analytic systems and laboratory equipment who supply advanced technology and special services for all industrial fields will come together with the professionals of all industrial fields at Analytech 2023 in Istanbul. As well as the products and services to be exhibited, technologies to be presented at the stands, the conference, meeting and technical presentation environments that will be carried out during the fair will bring together LAB and analytics experts the framework of this information network.

“BIOTECHNOLOGY WORLD” BIOTECNICA 2023

Biotechnica
Biotechnology, Life Sciences
and Industries Fair

Biotechnology, Life Sciences
and Industries

Biotechnology professionals who supply advanced technology and special services for life sciences in different industrial fields will come together at the “one and only” Biotechnology Exhibition of Turkey in Istanbul. The key players of biotechnology industry will welcome the sectoral professionals from all concerned sectors of Turkey and the neighbouring countries and exhibit their advanced solutions, products and know-how at Biotechnica Exhibition. BIOTECNICA will be an excellent platform which covers advanced technological products and services in all fields of Life Sciences. Biotechnica Exhibition offers ideal business opportunities to make new business contacts and to meet the expanding industrial market of Turkey. Biotechnica Exhibition is:

- a business platform to meet industrial professionals and facility managers to establish new business relations,
- an information center of the innovative biotechnology with its wide range of exhibited products,
- a marketplace for new trends,
- an academic meeting point with an interesting and attractive accompanying programme to the professionals,
- not only an exhibition itself but also a network in the fields of biotechnology and Life Sciences.

ADVANCED TECHNOLOGY, INNOVATIONS, APPLICATIONS AND KNOW-HOW...

CLEANROOM TECHNOLOGY
Cleanroom
EXHIBITION-İSTANBUL

Turkey's First and Only Cleanroom Fair

Facility managers and “Cleanroom professionals” who design and engineer “extraordinary spaces” for facilities, will come together at the “one and only” Cleanroom Exhibition of Turkey in İstanbul, on 25-27th October 2023. Nowadays; special industrial plants, medical facilities, research&development departments of the concerned facilities require very hygienic and extremely sterile spaces which should be designed and engineered with high-tech materials and equipment. Cleanroom 2023 Exhibition will be an appropriate business platform for all concerned sectors to present the materials, products, technology and services for the increasing demand of the facility managers and professionals who require “Cleanroom” in their facilities. We invite the concerned industries to establish new business contacts in this rapidly developing field and to take a place in the future-oriented market of Turkey and the neighbouring countries.

VISITOR GROUPS AND TARGET BUSINESS FIELDS OF LIFE SCIENCES EXHIBITIONS 2023

PROFESSIONS....

- Industrial Analysis professionals
- Biotechnology specialists
- Laboratory professionals
- Quality control departments and laboratories
- Managers and professionals of Research&Development departments
- Production and process managers
- Biomedical engineers and professionals
- Specialists of chemical industry and biochemistry
- Microbiology and molecular biology experts
- Analysts
- Medical doctors, Academics
- Pharmacologists

SECTORS AND INDUSTRIAL FIELDS...

- Laboratories
- Cleanrooms
- Medical technology/industry
- Healthcare facilities
- Clinic diagnostics
- Medicine industry
- Agricultural industry
- Food industry
- Chemical industry
- Environmental industry
- Petrochemical industry
- Mining industry
- Cement industry
- Forensic medicine departments
- Cosmetic industry
- Automotive Industry
- Textile Industry
- Energy&Electric&Electronic Industries
- Building&Construction Industry
- Aviation industry
- R&D facilities
- Traders and distributors

OFFICIAL ASSOCIATIONS AND STATE ORGANIZATIONS...

- Universities
- Concerned Ministeries
- Public Health Laboratories
- TÜBİTAK MAM
- High Technology Institutes
- State Analysis Laboratories

MAIN EXHIBITING CATEGORIES

ANALYSIS TECHNOLOGY

- Instrumental Analysis
- Bioanalysis & Diagnostics
- Optical Devices and Processing
- Analytic Chemistry
- Applications & Know-how & Software

LABORATORIES / CLEANROOMS

- Building and Furnishing
- Devices & Apparatus
- Automation & Robotics
- Laboratory Diagnostics
- Instruments & Equipment
- Materials & Chemicals & Reagents
- Data Systems & Softwares
- Safety & Protective Equipment

BIOTECHNOLOGY

- Bioprocess Engineering
- Bioanalytics
- Bioinformatics
- Industrial Biotechnology Applications
- Biotechnology services

QUALITY CONTROL & MEASURING AND TESTING

- Material Testing & Characterization
- Measuring Technology
- Quality Control
- Qualification for Analytic Devices

API (PHARMACEUTICALS & NUTRACEUTICALS)

- Active ingredients and components
- Natural extracts
- Biochemistry

MEDICAL PRODUCTS AND DIETARY-SUPPLEMENTS

- Pharmaceuticals(reference & generics)
- Industrial drugs
- Nutraceuticals

TECHNOLOGY & EQUIPMENT

- Biotechnology
- Nanotechnology
- Drug manufacturing equipment
- Cleanroom technologies
- Sterilization technologies
- Medical devices and technologies
- Testing and quality control technologies

MANUFACTURING AND SERVICES

- Contracting manufacturing
- Boxing & Packing & Labelling
- Research-Development & Clinical Research & Formulation
- Certification services

PARTICIPATION DETAILS

PARTICIPATION FEES

Space Only

210 Euro/m2 + VAT (18%)

Space+Booth MODEL 2

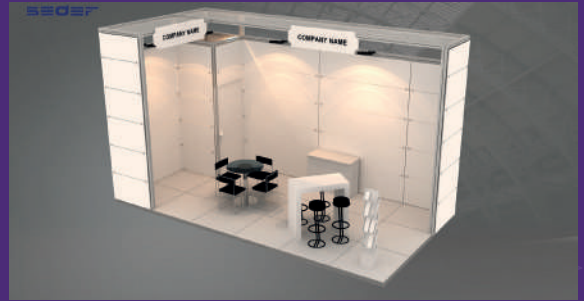

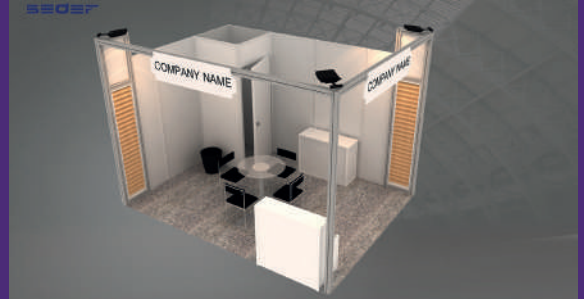

240 Euro/m2 + VAT (18%)

Including: 1 table+4 chairs, 1 Infodesk, 1 cabinet, 1x1 locked store, flooring carpet, illumination and electric supply, 1 waste basket

Space+Booth MODEL 3

280 Euro/m2 + VAT (18%)

Including: 1 glass table+4 chairs, 1 bar Infodesk+ 4 bar stools, 1 cabinet, 1x1 locked store, raised floor, 1 brochure rack, illumination and electric supply, 1 waste basket
