BioExpo Exhibition and Events

What's BIOEXPO?

BIOEXPO is a Forum of Life Sciences which includes; trade shows, special exhibitions, workshops, conferences, seminars, panels, industrial and technological presentations in the field of Bio-based scientific disciplines and industrial sectors. BIOEXPO creates a large scale of "network" between industrial sectors and the professionals and totally covers; Biotechnology, Laboratory and Analysis, Cleanroom technologies, Pharmaceutical&Nutraceutical industries.

BIOEXPO Exhibition and the Accompanying Events bring together :

- 2.844 trade visitors,
- 93 exhibitors from; biotechnology, pharmaceutical industry, cleanroom sector and LAB industry..
- 452 Attendees for the API Symposium and Food Biotechnology Symposium who registered from the related industries, Universities and concerned State Offices...

BIOEXPO 2022 Life Sciences Exhibition including;

cleanroom technologies pharmaceutical industry, biotechnology and laboratory equipment shows was successfully organised by Akdeniz Tanitim & Prosigma, in Istanbul on 19th -21st October 2022 at ICEC Congress and Exhibition . 93 exhibitors took part in this extraordinary event and exhibited their goods and technologies to the attention of professionals of the concerned sectors in Turkey and the neighbouring countries.

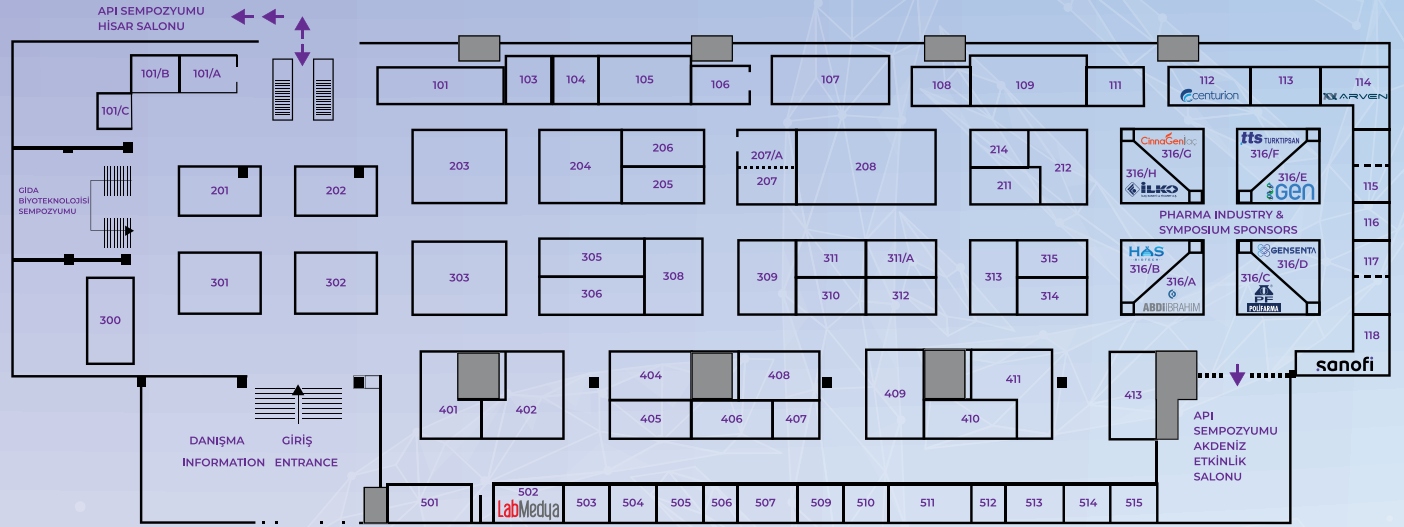

Totally 2.844 trade visitors participated BIOEXPO 2022 Exhibition and :

- 88 % of the visitors were sector professionals
- 84 % of the visitors consisted of ;
pharmaceutical
- industry, laboratory and biotechnology fields
- 80 % of them were decision makers

Professions

Biologists	210
Biotechnologists	182

Analysis and Lab Industry

Analysis and Laboratory Technology Exhibition:

Advanced technology, new developments, applications and knowhow...
The manufacturers of analytic systems and laboratory equipment who supply advanced technology and special services for all industrial fields, came together at the Expo Analytech of Turkey in Istanbul on 19-21 October 2022. The key players of the industry met the sectoral professionals from all concerned sectors of Turkey and the neighbouring countries and exhibited their advanced solutions, products and know-how at Analytech Exhibition.

Biotechnology and Life Sciences Industry

Biotechnology and Life Sciences Exhibition...

Biotechnology makes use of biological systems and processes to manufacture useful products and provide services for all concerned industries. Biotechnica 2022 Exhibition became an excellent platform which covers advanced technological products and services in all business fields of biotechnology and offered ideal business opportunities for the exhibitors to make new business contacts and to meet the expanding industrial market of Turkey and the neighbouring countries of the region.

Pharmaceutical Industry and Technology

Pharmaceutical Industry, Technology and Ingredients Exhibition... From active ingredients and components to finished products and formulations; from industrial equipment and technology to production processes and services in the pharmaceutical industry... All experts who supply technology, equipment and services in the pharmaceutical industry came together on 19-21 October 2022 at the innovative fair and conference of Turkey. The fair visitors were informed of all latest developments of the industry, at the special showcases, conferences and technology presentations organized by the exhibitors of the show.
